Transcending Imagination . . .

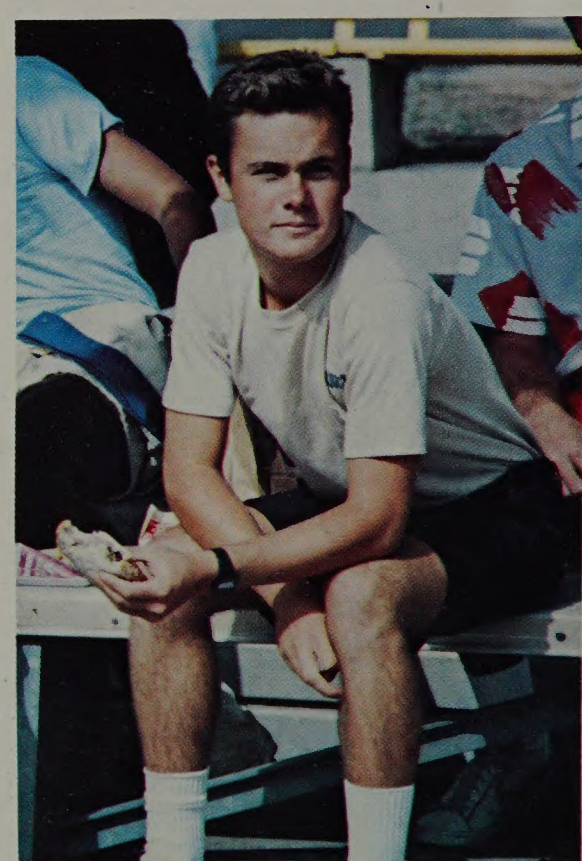
In 1985 Mission Bay High School finished the same way it had the previous 28 years . . .

. . . Then it somehow changed. It wasn't the same. Nineteen eighty-six had the brilliance of the new students and the experience of the old; which resulted in . . .

. . . A CREATIVE EXPLOSION!! The 30 year old High School did more than imagine, it "Transcended Imagination" . . . It entered another time, another place, another dimension . . .

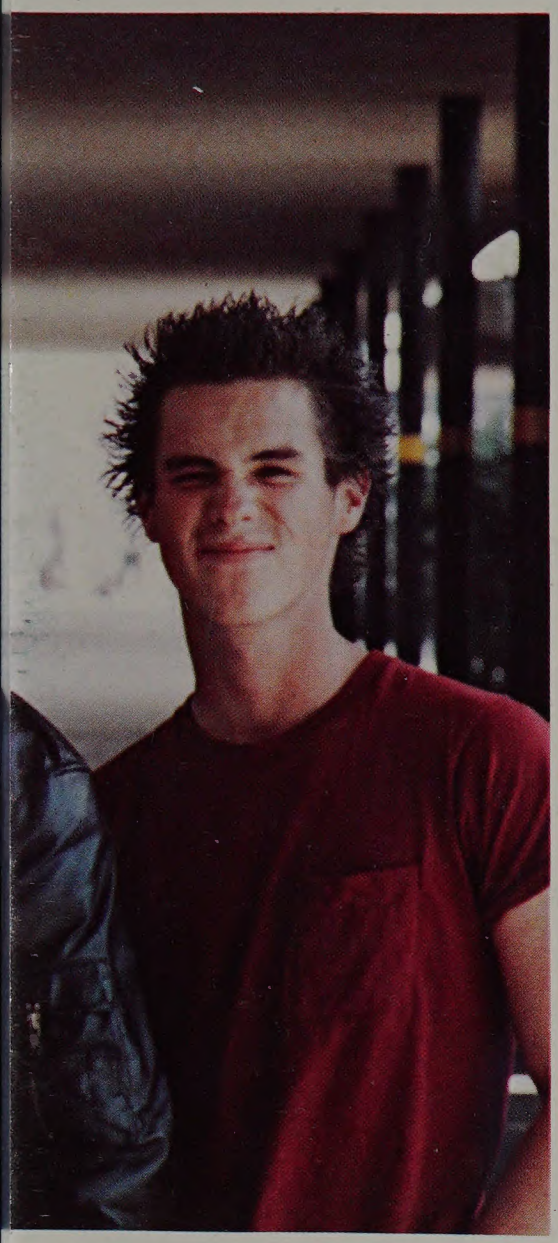
"Fresh," new faces on the weedpatch.

Victims of "Cafeteria Food."



Mission Bay's own version of "The Thinker."

Beyond the Ordinary

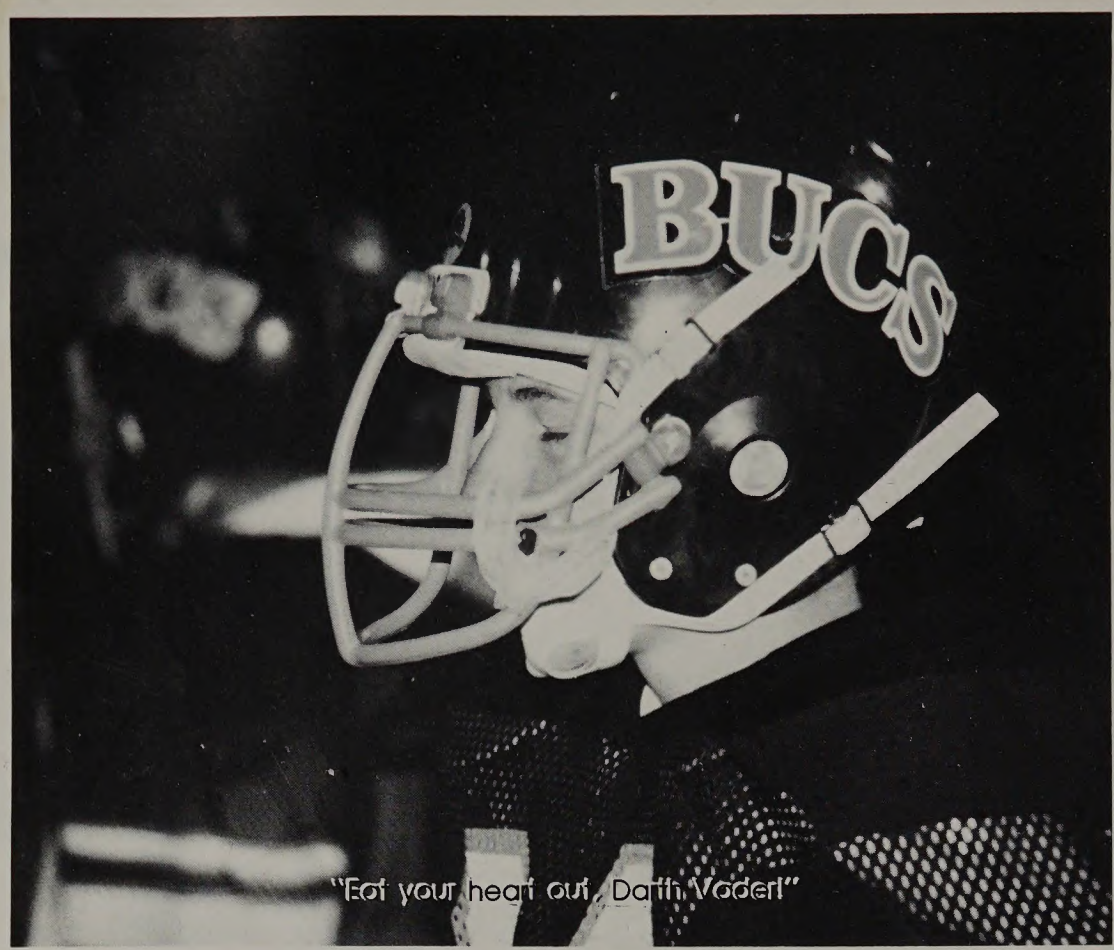


Friend? Or Foe?

Cordell Edwards does the "Funky Chicken."

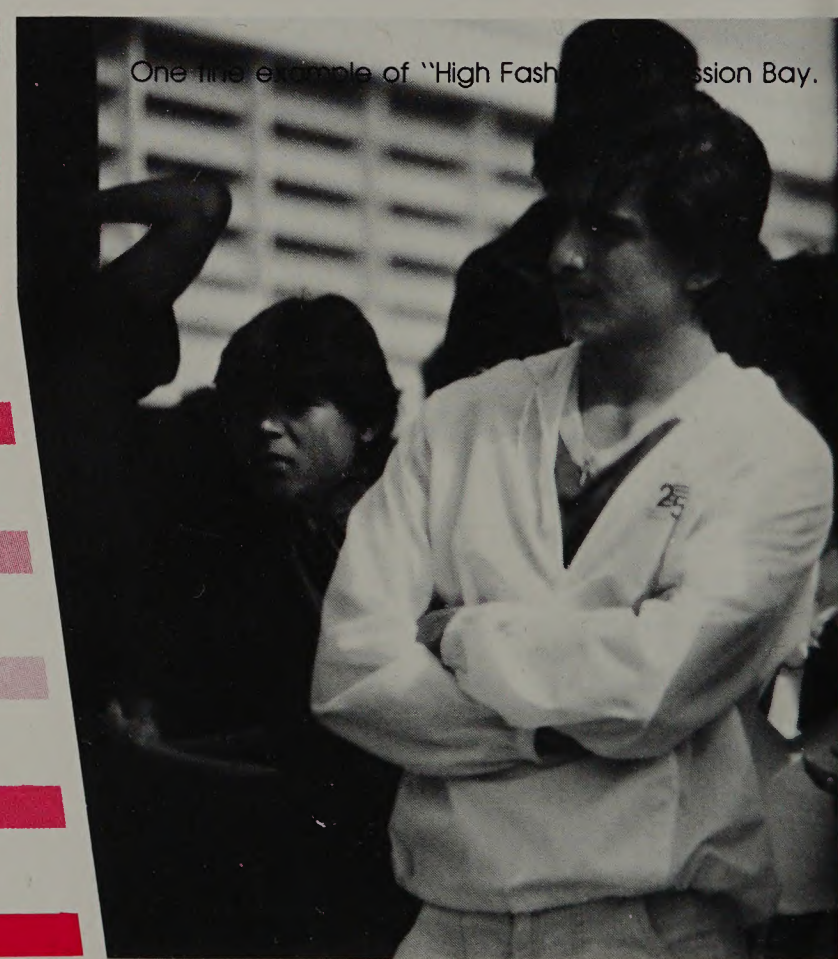
Jason awaits his next victim; prized field hooker.

The Buc B-B-Q and it's fun expressions.



"Eat your heart out, Darth Vader!"

"What the #%$¢&*#@ is he doing?!"

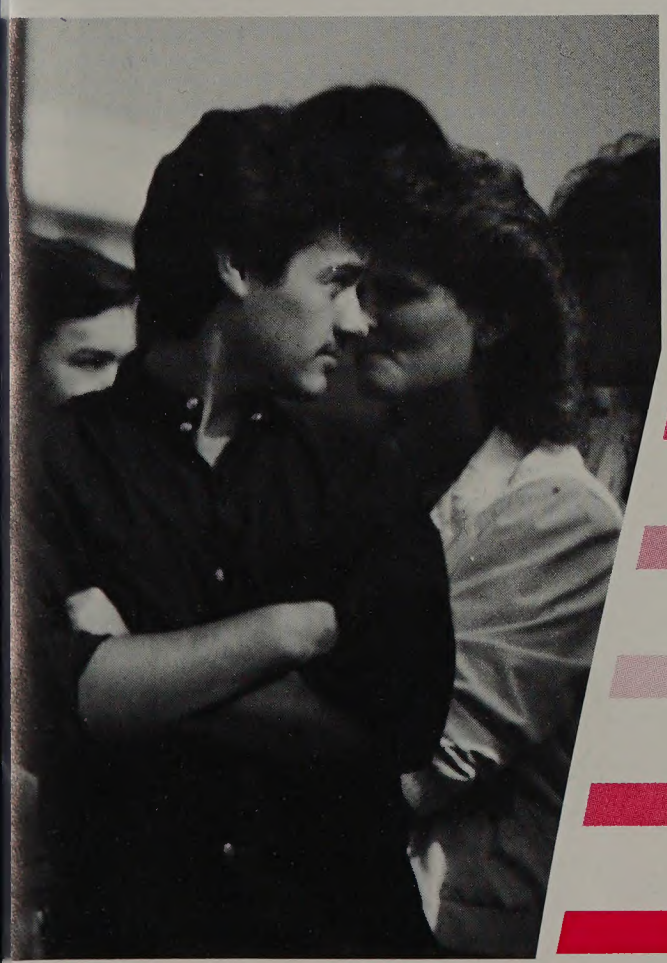


One fine example of "High Fash[illegible]ssion Bay.

"Golf anyone?"

Happy gangster and his moll celebrate Homecoming.

Enthusiastic crowd watches "The Dating Game," an activity held during Spirit Week.



"Picture Perfect??"

"C'mon, make our day!"

"I didn't do it, honest!"

"These benches are hard!"

Christy Drage moans at one of Rusty Filter's answers in "The Dating Game."

"When I say number, you say . . ."

"We could've had a V-8!"

"You're really going to eat that?"

"Red Rover, Red Rover, send La Jolla right over!"

"Brush your breath with Dentyne!"

The "Freaks" of Mission Bay.

"Do the Hokey-Pokey and you turn yourself about!"

Laura Thile; Homecoming's main attraction.

Sharing Lockers

J.V. shows their support for Varsity.

With all this talk about over-flowing landfills, I wonder why no one has ever sited our locker as an example of the multiplying of solid waste.

Anyone who has ever set foot near our locker knows the sorry condition of it's interior.

Upon opening our locker, most visitors are repelled. But why? Doesn't everyone have old corn dog wrappers in their text books?

I guess not. But we have an excuse! We share lockers! I assert that an untidy locker has more individuality than one that is kept to the height of perfection.

For example, a brand new locker, with a shiny, freshly painted door is an impressive sight . . . But if you throw a couple of Cherry Coke cans on the shelf and some old seventeen magazines, it's more interesting!

Listen, it's our business if we want to lodge our books in a locker that rivals the Miramar landfill in pounds of garbage processed each day . . .

WE CAN'T HELP IT — WE SHARE LOCKERS!!!

Jenny,
Well, fun
un, well, fun but
unnecessary. See ya urad

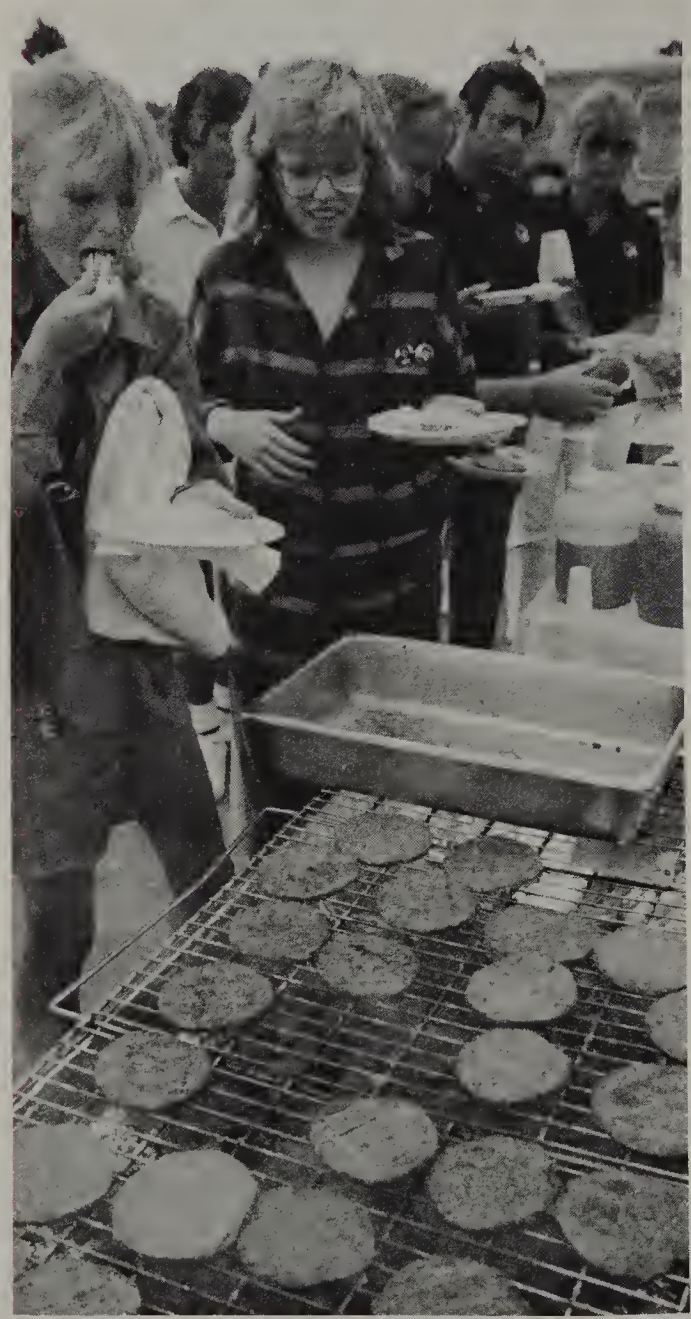
Let's All Dine Out

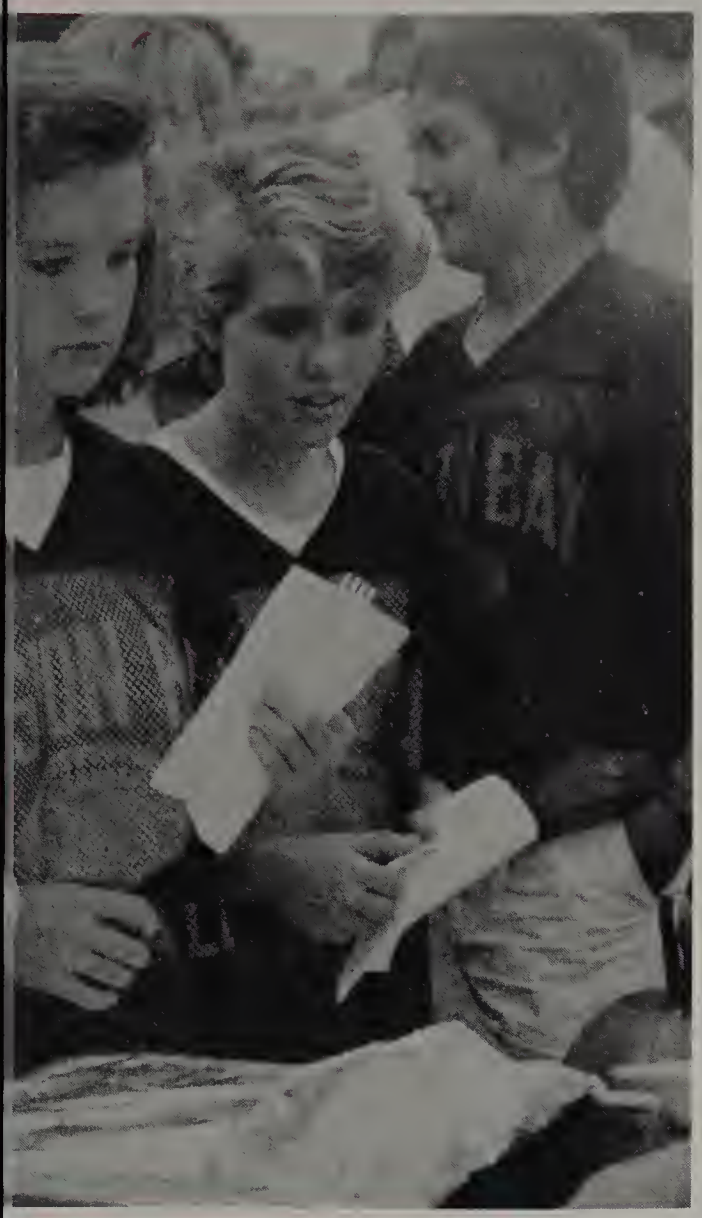
The annual Buc Barbecue and Dance started the school year off with great success. Students, parents, and teachers alike turned out to cheer on the Bucs and have a good time. Although Hoover defeated the Bucs 22 to 15, players and fans had the barbecue and dance to look forward to. The barbecue gave everyone the perfect opportunity to get more acquainted with the faculty and new friends. Students chatted over hamburgers and potato salad about the game and dance. Many students, both upper and lower classmen attended, and danced to the hit music provided by the disc jockey. Overall, everyone enjoyed themselves, showing this year's Buc Barbecue Dance to be quite a success.

" . . . but, is it edible?"



"Yes, they do resemble hockey pucks."

Do the "Mashed Potato."



"Don't you dare take my picture!"

Lauri Stratton swings her partner.

Rod and Regina stuff their faces.

Catch The Spirit

"Mom! I got root beer all over my clothes!" This is probably what some of the contestants of the Root Beer Guzzle, one of the events of Spirit Week, said when they got home. Sophomore Dan Drage won what else . . . a bottle of root beer. In the Dating Game, another popular event with the student body, contestants Dawna Johnson and Troy Mack chose as their dates: Scott Foster and Judy Rogers. When Troy asked Judy what animal she'd like to be, she replied, "Lion, so I could purr up to you." A skiing race, won by seniors Mary Jo Leon, Tracy O'Neil and Cristi Drage; Halloween Dress Up Day; and Black and Gold Day filled the rest of the week.

Bag ladies united.

M.B. Cheerleaders show their black and gold spirit!

Come to think of it I'll have another root beer!

Seniors race their way to victory.

"Bang your head!" say Tanya and Charles

Mission Bay's annual Fall Rally started with the Commissioners of Athletics introducing this year's fall sports: Tennis, Field Hockey, Cross Country, Volleyball, and Football. The Sophomores won the class competition by cheering the loudest. The cheerleaders also held a little competition of their own by having a licorice eating contest with the football players where John Moceri and Rusty Filter treated each other to some licorice. The hilight of the rally was the surprise visit by the La Jolla cheerleaders, portrayed by Seniors on the A.S.B. staff.

Mission Bay enthusiasts enjoy themselves out on the bleachers.

John and Rusty are in for the shock of their lives.

Volleyball awaits their big entrance.

"Not too tight Biffy!"

Ricardo Munoz introduces Cross-Country

Anxiously, they wait for their introduction.

TRANSCENDING BACK TO THE ROARING 20's

The Homecoming game took place at Mesa College, this being the first night Homecoming game, in the history of Mission Bay High School. the supportive crowd watched patiently as the Homecoming half time ceremony began. Scott Unger, an alumnus from Mission Bay, presented the Court. Vintage cars helped to present the court. The traditional scroll, read by the M.C., introduced the new queen, Laura Thile. On hand to present Laura with her crown, former queen Minna Lollis ended her reign. Following the announcement of Laura's name, fireworks went off in an array of colors. As the game continued, the past and present cheerleaders kept the crowd's spirits high. The dance was held in our gym which was decorated in pink and black to help carry out the theme of the roaring 20's. Victor Seguritan summed up the dance the best with his comment, "I didn't like the band, but everyone seemed to have a good time.

All Dressed Up and No Place to Go?

The creative attitude of many people on Halloween produced a fashion statement for the day, going from the usual to the bizarre. Students turned out such innovative costumes as belly dancers, cave people, ghouls, goblins, and nerds.

An award of a pumpkin full of candy was given to the students wearing the most original attire. The winners included Adrienne Sherwood as Vampira for the scariest; John Ambler and Richard Turecek as nerds for the most creative; and for the best overall costume, Heather Knowles and Holly Kayoha as a most convincing elderly couple.

To get everyone into the Halloween spirit, homerooms held a pumpkin carving contest. The "Best Pumpkin" title went to the library for their rendition of the "Pumpkin Who Ate Mission Bay." This uniquely grotesque vegetable sported a real cow's tongue consuming various doll's limbs while at the same time spewing forth remnants of its insides — truly a vision in BLACK!

What lurks behind Abby Miedema's grin?

"Where's the Geritol?"

Mel Mona

"Duhhh," John Ambler, Richard Turecek, and Simon Dang expose their inner selves.

"BLAAAAAAAAA!" The library's winning pumpkin eats his way through Mission Bay.

Adrianne

"I can't believe I ate the whole thing," groans Adrienne Sherwood.

"Hey kids!" shouts Juliette Willis as Big Bird.

Homerooms display their fantastic pumpkins.

A salute to spirit.

It's Monday

Now-a-days there is a cure for just about every addict. As of yet, doctors have failed to discover a remedy for the most common addict of all, the snooze button addict.

It's 7:30 in the morning. Out of a deep sleep you hear the horrible sound of "BEEP, BEEP, BEEP." You try to ignore it. You drowsily reach your arm, deficient in firmness, over and press the snooze button. You've never seen thirty minutes pass so swiftly. "BEEP! It is now 8:03. You make it to school in record time, but still late.

You sit at your desk as the teacher pulls himself out from behind the desk, and dutifully completes the roll and reading the bulletin. You begin to feel drowsy. Next thing you know, you hear, "BEEEEEEP"! You reach your arm over and open your right eye just wide enough to see your classmates leaving. You sneak out before the teacher can see you.

Are you a compulsive partier? Is it exams week? Nope, you are an addict, a snooze button addict.

Transcend The Average Student

One of the many things that distinguishes Mission Bay as a unique school is the variety of people we have without all the cliques. No one really calls him or herself a "Punk," "Mod," "Rocker," or whatever. According to what the students on these pages call themselves proves that Mission Bay is a school filled with diverse individuals. This is what they say. Efren Diaz would call himself a "Homeboy." Lenny Phan just compares himself to one of the "Style Council." Jennifer Myers deems her and her friends "Slime." Damien Declair calls himself a "Black Metaler" or a "Headbanger." Nic Johnson evaluates himself as "Just plain bizarre." Mark Klinger told us he was a "Shredder." Mission Bay is truly a school for individuals.

Efren Diaz, David Mendez, and Alfredo Higuera kick back at lunch.

There are no "normal" students at Mission Bay!

Lenny says, "What are you looking at!"

Jennifer Myers and Jerry Kovacs appearance speaks for itself.

Nic Johnson and John Inman get comfortable.

Gar Wood, Mark Klinger, John Tursack, Clint Malone, Kevin O'Connel, John Tillery, and Darren Lee say "Surf's up!"

Tony Harmon, Damian Declair, Rick Edelson, Becky Dinken, Bill Frietas, Lance Lueck, Elena Martin sport their rocker outfits.

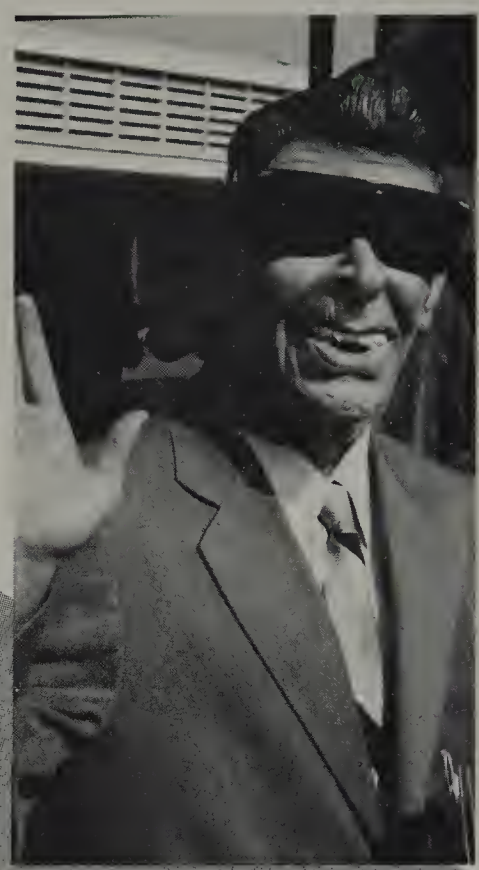
Taroga's 30th Anniversary

From Milton Berle to Eddie Murphy, from Mickey Mantle to Dave Winfield, from Little Richard to Prince, from Elvis Presley to Bruce Springsteen, from Dwight Eisenhower to Ronald Reagan; the 1955-56 school year differs from the 1985-86 one in many ways.

The Taroga, Mission Bay's yearbook, celebrates its 30th anniversary this year. The school's actually 31 years this year, but there was not a yearbook the first year. Appropriately, 1985 sets the scene for such an occasion, since the four year high school signals in a new era.

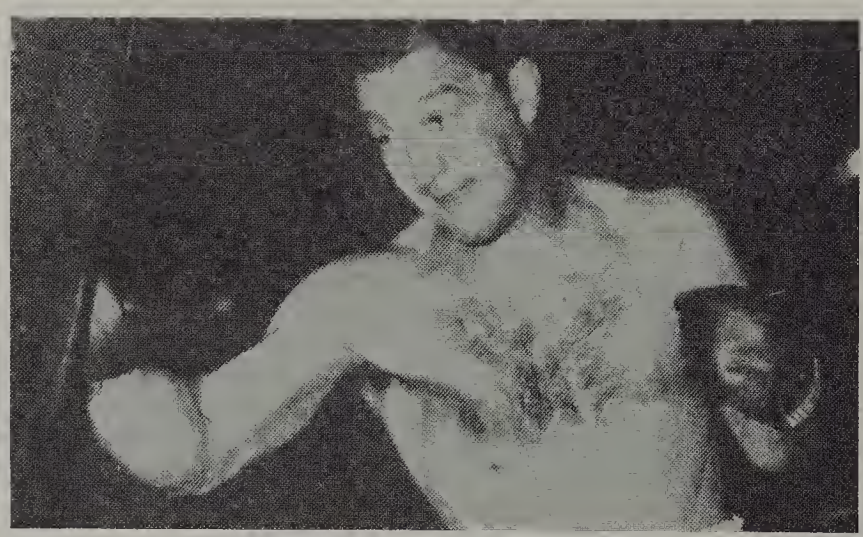
In 1955, Walt Disney's lifetime dream, Disneyland, started. James Dean died that year, but still achieves legendary status among many. In 1955, Rocky Marciano became the first Heavyweight Boxing champion to win a record 49 straight fights. In 1985, Larry Holmes had 48 straight, but lost to Michael Spinks in number 49. Let's celebrate these last 30 years and hope for 30 more for the Bucaneers to come.

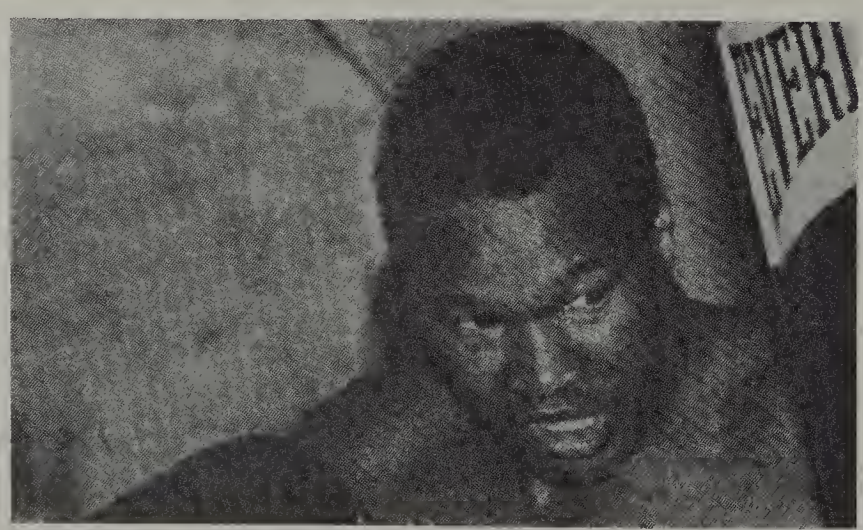
'55: President Eisenhower says "hello."



'85: President Reagan waves "hello."

'55: Marciano gets a record 49 straight.





'85: Holmes gets a near record 48 straight.

James Dean: The legend lives on.

'55-'85: Ageless fun at Disneyland.

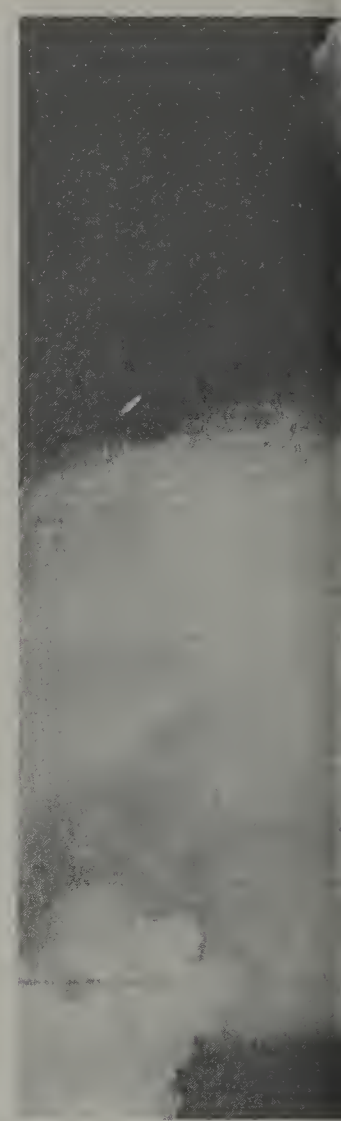
Halley's Comet: Next flyby 2061

A moment that froze the world: TWA Pilot John Testrate is interviewed by ABC while at gunpoint.

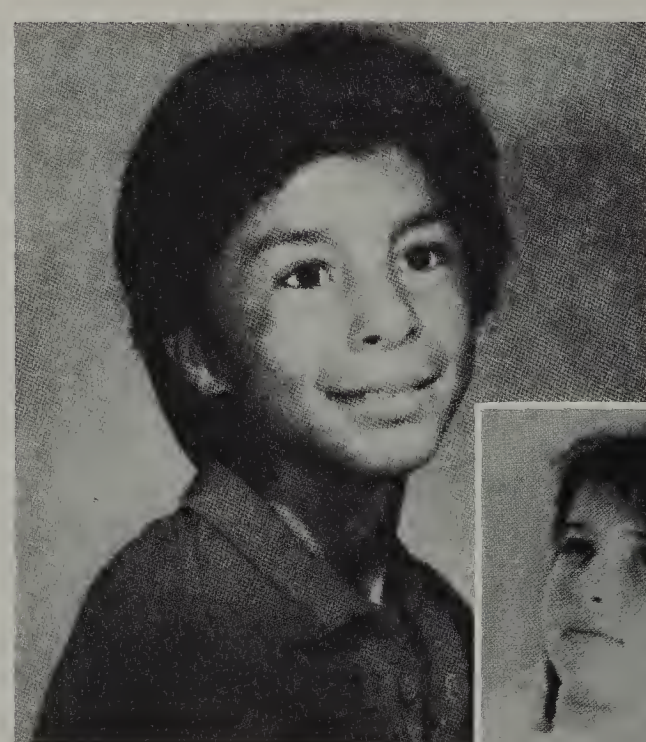


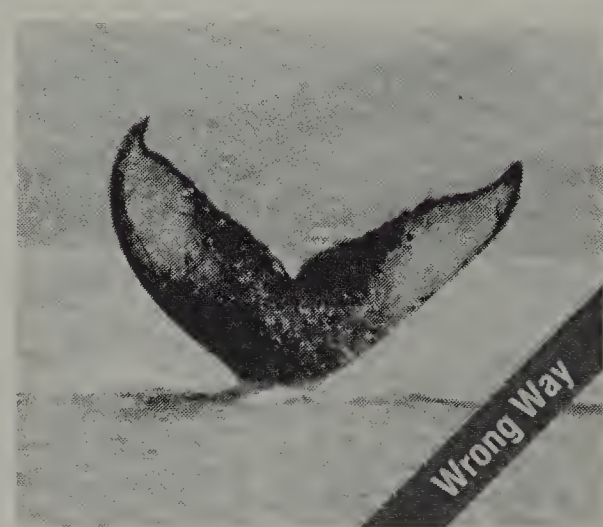
Each year is marked with its triumphs and tragedies and this year was no exception. But, it has drawn us closer together to continue to pursue our dreams.

The worst disaster in the American space program's history unfolded in a nightmarish fashion before stunned spectators at Cape Canaveral, Florida. It saddened the nation all the more for its cruel timing. Countless children were cheering Christa McAuliffe, the first citizen in space. The nation mourned those seven who had a hunger to explore the universe and discover its truths. As President Reagan expressed, "It's all part of the process of exploration and discovery. It's all part of taking a chance and expanding man's horizons . . . The Challenger Crew was pulling us into the future and we'll continue to follow."

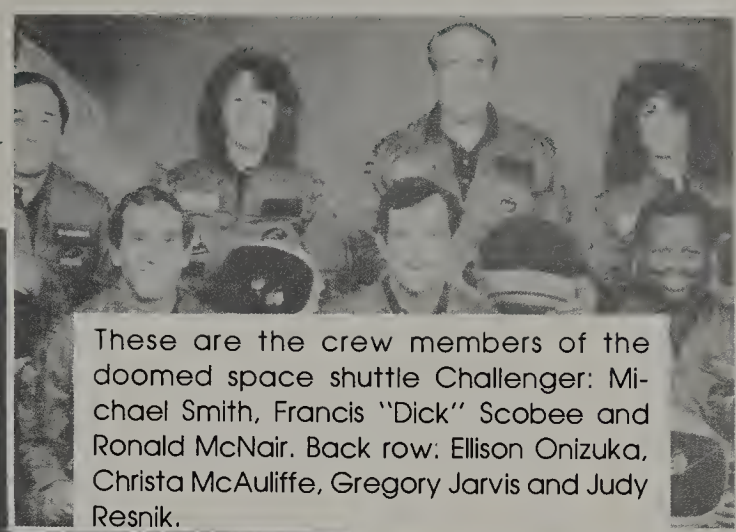
The word terrorism used to have a foreign accent, but this year's victims lived next door.

Felipe Garza exhibits his true love for his girlfriend. A couple of weeks before he collapsed with a broken blood vessel in his brain he told his mother if he died he would like Donna Ashlock, 14, to have his heart. He should be a great example to us all.





"Humphrey" enters San Francisco Bay and swims 20 miles upstream. It took 25 days to get him back on his way.



These are the crew members of the doomed space shuttle Challenger: Michael Smith, Francis "Dick" Scobee and Ronald McNair. Back row: Ellison Onizuka, Christa McAuliffe, Gregory Jarvis and Judy Resnik.

The Space shuttle Challenger explodes into a gigantic fireball only 74 seconds after liftoff from the Kennedy Space Center, proving fatal to its crew of seven.

Reagan and Soviet leader Gorbachev begin the new year with historic, televised peace appeals.

Flying was never deadlier. In commercial aviators worst year the worldwide death toll reached almost 2000.

The world watched as Columbia struggled to survive their country's worst national disaster in a century. Nearly 20,000 died in the muddy avalanche triggered by the eruption of a volcano. Every year is shaken by calamities, but this year had more than its share. Earthquakes, volcanoes and storms set records for death and destruction.

On a happier note, humanity has overcome tragedies with heroic feats of lifesaving and charity.

Since its introduction in California, the lottery has been making millionaires almost every week, netting about 238 million for our schools.

As for the triumphs, our country transcended the special spirit that says give us a challenge and we'll meet it with joy!

The link between a starving child and popular music was incredible.

Prom. A night to remember. Too many things to remember! Limo's, nails, hair, corsages, and boutonnieres. Stress. Are you going to spill anything on your dress? Is your date going to be taller than you in your heels? Romance. Parties. The After Prom. Will you get any sleep tonight? Where are the parties?? Breakfast — where to eat? Prom. A night to remember.

After eighteen long years of hard work and studying, it's over. "Graduation Day". A day you overlook all the years of school as well as all the friends you've met. Now the future is ahead of you. The question on most Senior's minds is, "Where are the parties?" But after all this is over, you'll all reflect on this day. A day you've longed for. Graduation Day.

JUNIORS!

CLASS OF "87"

JUNIOR INFLUENCE

Thanks to all the support from our junior class this year has been fantastic. The transition from nervous sophomores to mature seniors is always a tough one for students, and the class of '87 has had an exciting middle year. Juniors had a profound effect on the whole school this year. Rusty Patrick started at quarterback for the Buc football team and Scott Taylor and Candace Casutt ran the school paper. Jose Torres and Juan Serrano, both Juniors known as the "Floor Masters", won the 1st annual Breakdancing contest held on the weedpatch. These are by no means the only Juniors who helped make 1986 a great year. We hope 1987 is even better.

"Art represents the feelings that are otherwise impossible to express in words," according to Katrina Hinsenkamp. The very first thing that Katrina drew was a stick figure with a hat and boots. "I was 3 years old when I drew this. While my sister was learning at school, I was drawing with whatever I could find," says Katrina. Since she began studying art in elementary school, Katrina has always been fascinated with people's facial expressions, and she enjoys trying to duplicate them. Although her drawings sometimes reflect man-made objects, her biggest inspiration comes from nature. In nature she says, "There exists the simplest, yet most in-depth works of art." Katrina also finds writing to be an emotional outlet.

Martial Arts

"Wu-shu is a form of arts that is mainly centered on performance and self defense. Flexibility, hard practice with speed and agility are very important in this sport," says Cesar Peraza who has been on the San Diego Wu-shu Team for two and a half years. His instructor, Rodney Alo, is presently the Southern California Regional Champion. Rodney has toured to China and participated in the International Chinese Competition where he won first place in the fighting division.

Rodney and the Beiging Wu-shu World Champion Team have inspired much of Cesar's devotion to the thirteen member coed team. Cesar has recently won first place in Los Angeles in the open hand competition and will go to Hollywood to compete early this year. Cesar also trains in Chinese kick boxing and competes in the whip chain, staff, and broad sword divisions.

"It's a lot of hard work, but it pays off in the end," exclaims Cesar.

Ivonne Aganza, has successfully been studying architecture for two years. She likes architecture because she likes to draw, and design and mostly because she finds it easy. "Since I was in the 7th grade I've thought of becoming an Architect; now it's my goal," states Ivonne. Last year she completed her first house design which later won second place at Del Mar fair. Ivonne feels that it's not so much the prize that she is after but the feeling of satisfaction when she sees her drawings. Ivonne has started to draw her second house this year. "I am planning to go to a four year college and keep studying this career."

HOW DO SOPHOMORES FEEL ABOUT BEING IN HIGH SCHOOL

"I think that as a whole most of the tenth graders are having much more fun here than their Junior High School. There are more activities in which we can participate such as sports, clubs to join, and school activities. I think this will be our most memorable, because we have met new friends, new teachers, and a new campus," said Dan Cohen.

According to Allison Mahan, "Along with the new campus there are more responsibilities that we have to afford. We have to work harder than Junior High School and keep our grades up for college. Being in High School makes us more independent and prepares us for our future careers."

CLASS OF "89"

This year we have added a new grade level to our school, ninth grade. Although this change on our campus has affected some people more than others Damian Carpenter seems to be one of the people who think that this change has benefited him because it has spared him, as a new coming sophomore, some incidents of being an underclassman. Damian said, "It's okay with me, because sophomores receive less trouble from our great, superior, wonderful upperclassmen." Damian has also expressed some other views on the subject, "When I found out that the freshmen were coming to Mission Bay with us, the sophomores, I was overjoyed that I wouldn't be given that terrific Buc tradition of being TRASHCANNED."

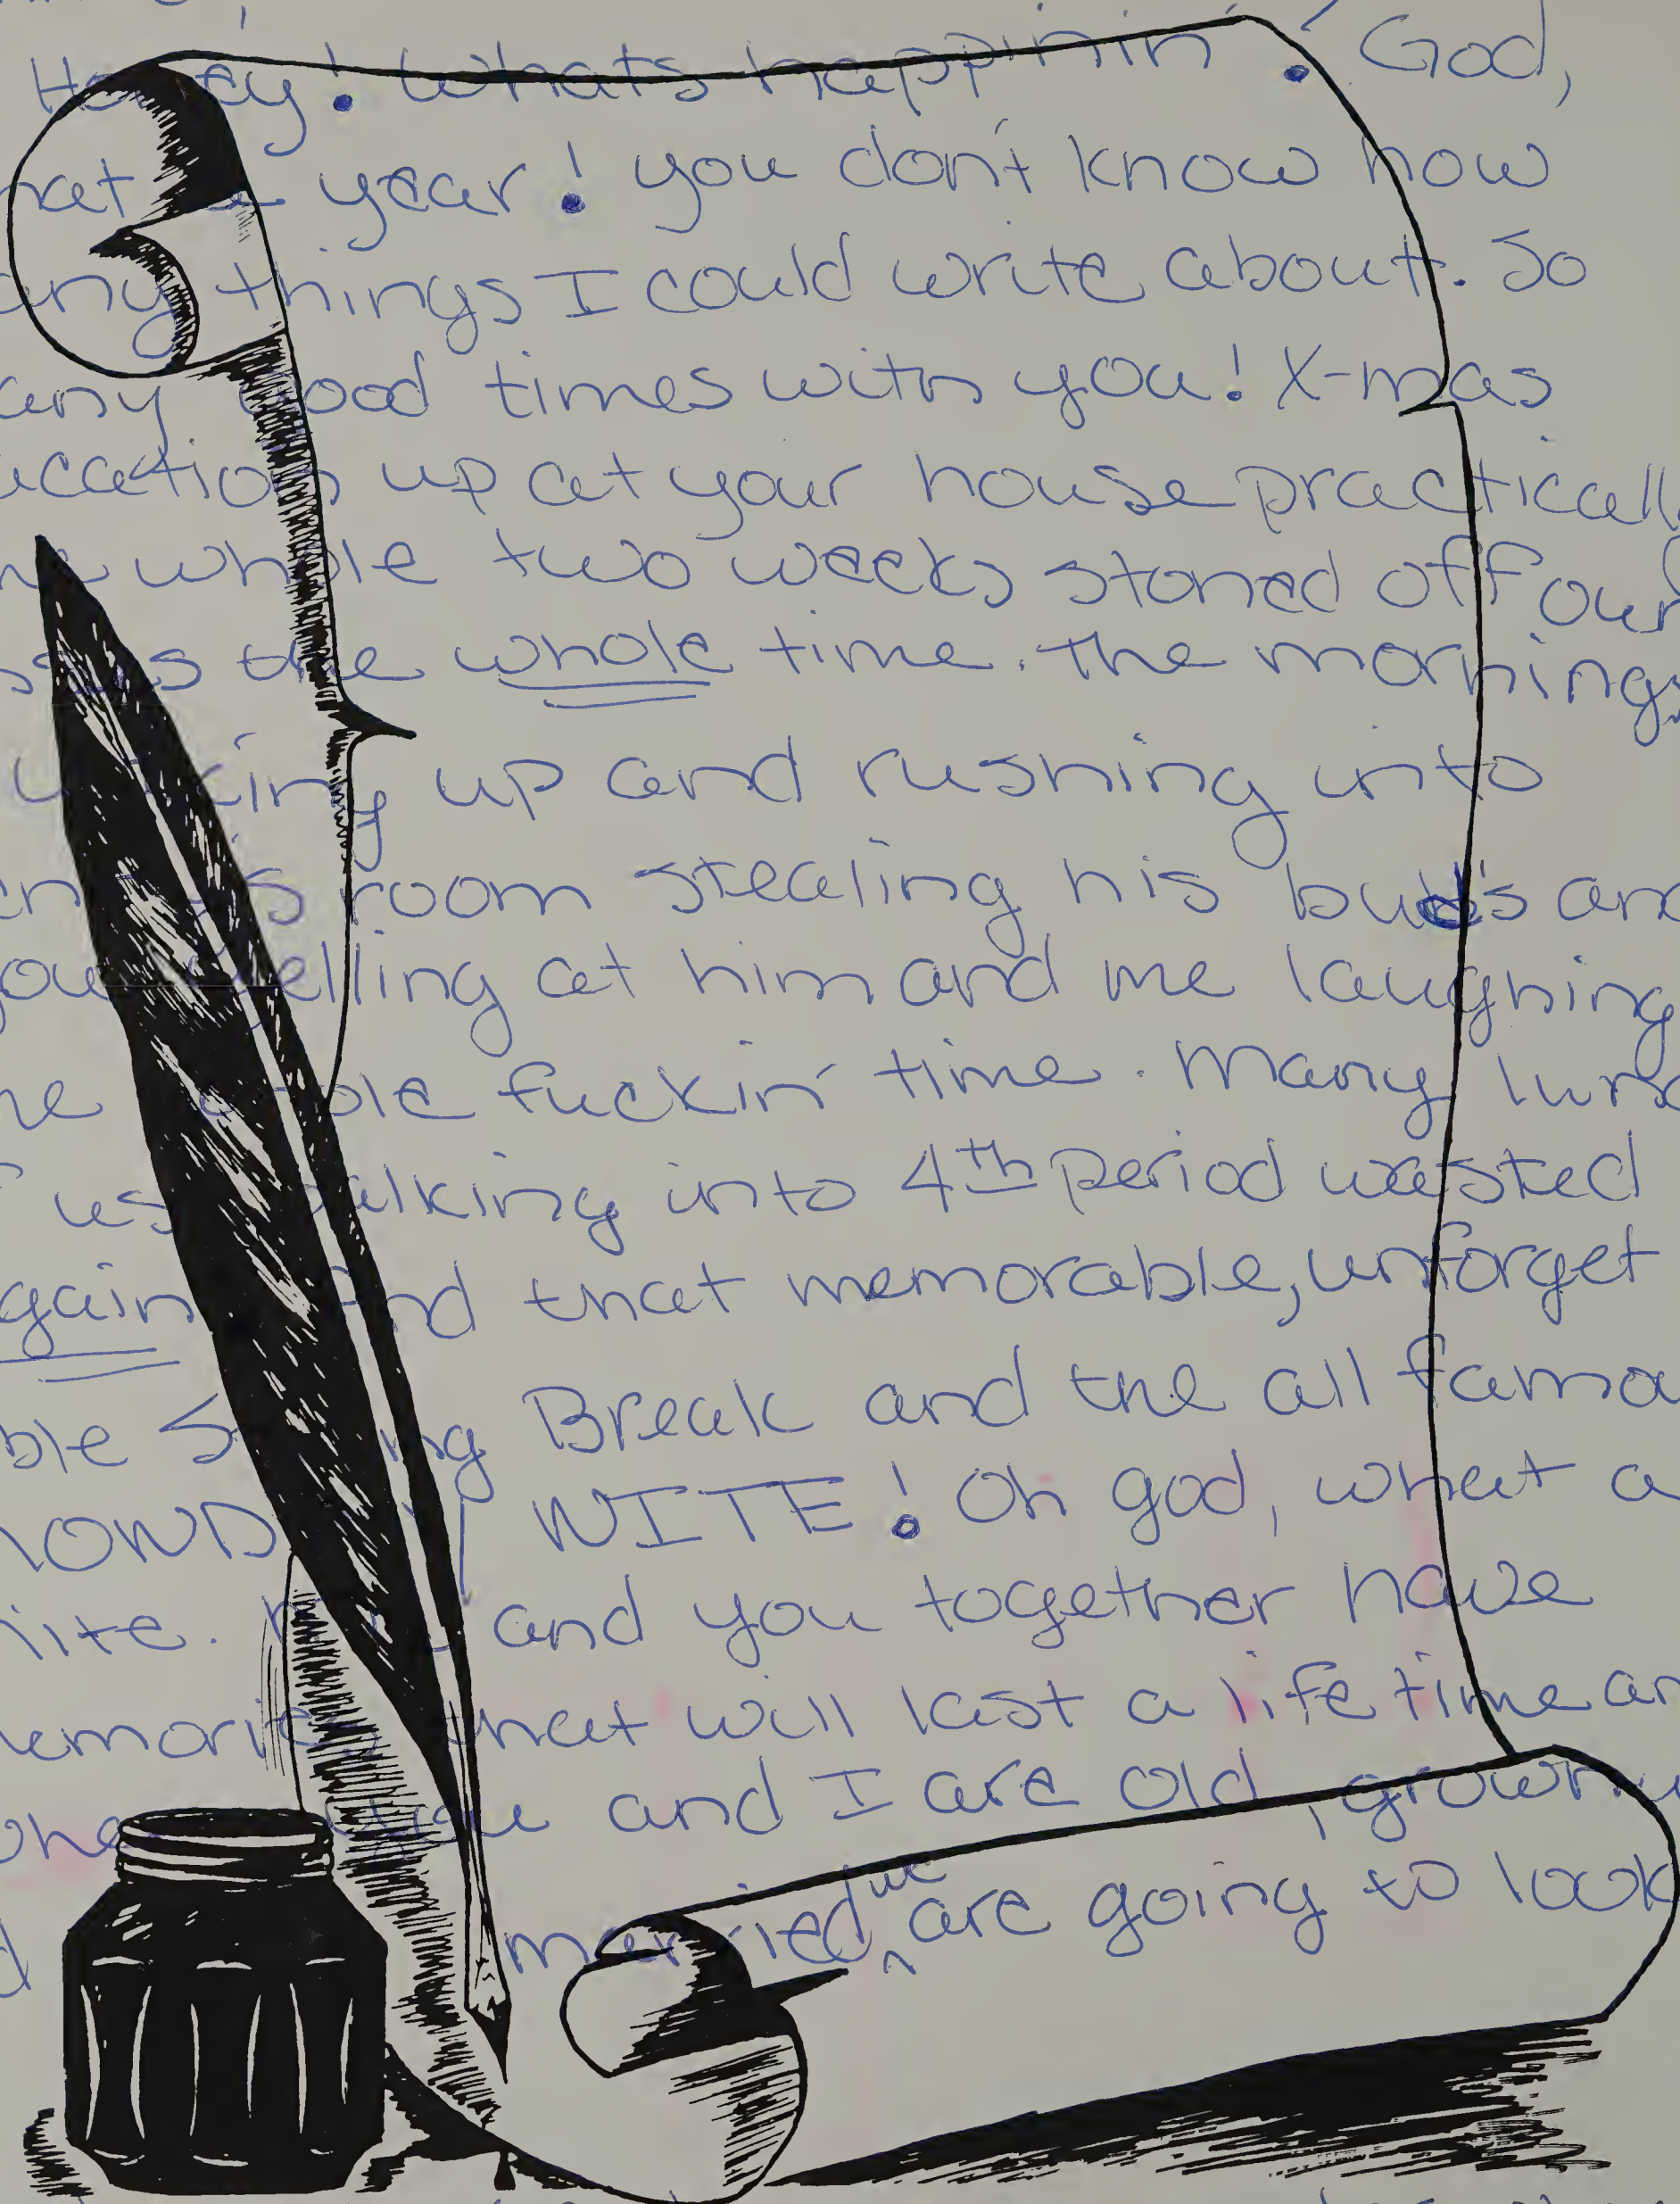
Jennifer,

Hi Honey! Whats happinin'? God, what a year! you don't know how many things I could write about. So many good times with you! X-mas vacation up at your house practically the whole two weeks stoned off our asses the whole time. the mornings of u[illegible]in' up and rushing into Ken's room stealing his bud's and you yelling at him and me laughing the whole fuckin' time. Many lunchs of us walking into 4th period wasted again and that memorable, unforget-able Spring Break and the all famous MOWD[illegible] NITE! Oh god, what a nite. [illegible] and you together have memories that will last a life time and when [illegible] and I are old, grown up and [illegible] married we are going to look back on these days and wonder where they went and want them



back so bad. So we've got to make the most of the future years ahead of us and RAGE!!! 'ood Summers here and that's exactly what we're going to do! (To add to our memory collection) I know that our friendship is going to be lifelong even if we do get into arguements every now and then. Those will never mean anything cuz our friendship is to precious. Right? Right. Well, its summer and were gonna be so tan and so fuckin wasted all the time. I know that for a fact cuz we always are in school so know that there's gonna be no school and no parents during the day just more of a chance for Well, the stupid, fuckin bell is gonna ring so I better stop. I ♥ U!

Bestest friends forever,

Angela Jeanne Hery

I ♥ RUBEN!

LIMOS, LOVE, LIVE MUSIC

DATE: FEB. 7, 1986
PLACE: Atlantis
TIME: 8-12 P.M.

The ASB Sweethearts ball began promplty at 8:00 and lasted 'till a little after 12:00. Filled with fun and excitement, the night was kicked off with a DJ from "Music Express." The ballroom began to shake, rattle and roll, but that was only the beginning. The "Rhythm Kings" provided live music with a variety of requested tunes. After the music took a break everyone headed toward the back for a taste of a luscious buffet with food ranging from Italian to Chinese. The joy-filled atmosphere provided fun and excitement for all. For some this may be a first, and some a last, but to all who attended, it will undoubtedly be a special occasion.

Teacher of the Year

By now we've all had the unfortunate knowledge of knowing that Mr. Matson has transferred from Mission Bay. When asked if he would miss the students here, he said, "I'm a sentimental fool and I'll miss every student I've reached in the 3 years I've been here at Mission Bay. My goal as a teacher is to reach out to the students and help them learn. Once you overcome the fear of failing, you can achieve anything you want." Being selected Teacher of the Year made Mr. Matson feel that he had achieved his goal. The key word to his success is motivation. Once he got the kids motivated, he made the subject easier to learn. He got the kids motivated by doing the unexpected. "When I say the unexpected I mean coming into the class full of energy one day and the next I'll come in calm and mellow or projecting my voice to gain their attention, and telling jokes and stories to get the kids to loosen up a bit so we can get to know each other. I feel that in order to learn, you need respect between the teacher and the students." Mr. Matson saw his job as an interpreter. He read the lesson then interpreted it into his own words, " . . . which makes it easier to learn," said Mr. Matson. The students are going to miss Mr. Matson. We wish him the best of luck. Good-Bye Mr. Matson.

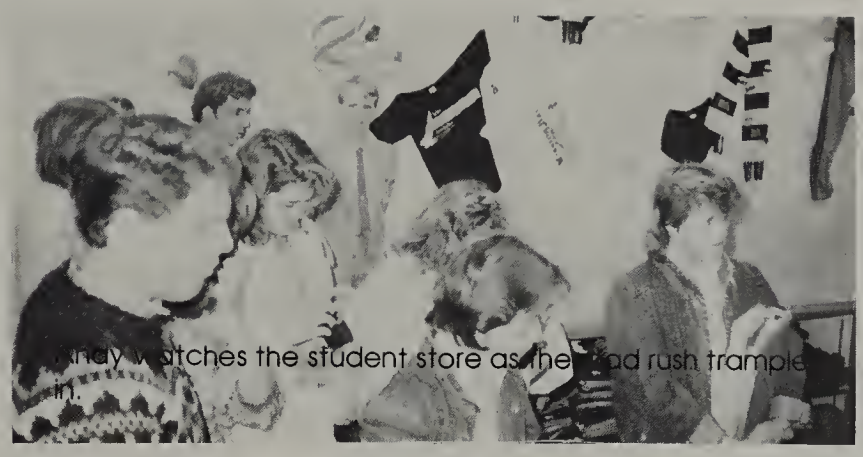
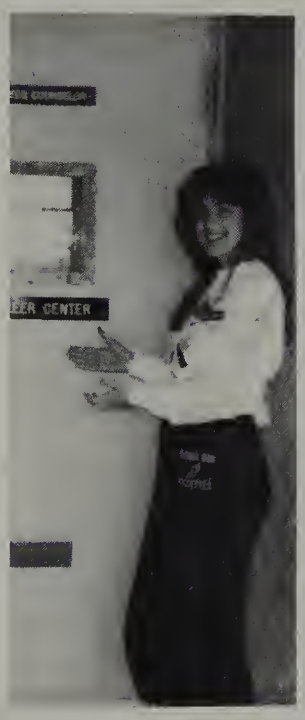
TRICKS OF THE RADE

You've all seen Lynette Rinella on campus this year. Lynette's definitely not a stranger to Mission Bay. She's a graduate from the class of '85. She has returned as the Soap Guidance Counselor. What exactly is a Soap Guidance Counselor? "Well, S.O.A.P. stands for Student Opportunity and Access Program," explained Lynette. She helps seniors find the appropriate college for them. That sounds fairly easy, right? Not exactly. There are 1,775 community colleges and 1777 four year colleges throughout the United States to choose from. It's a tough decision. We admire Lynette for her helpful time.

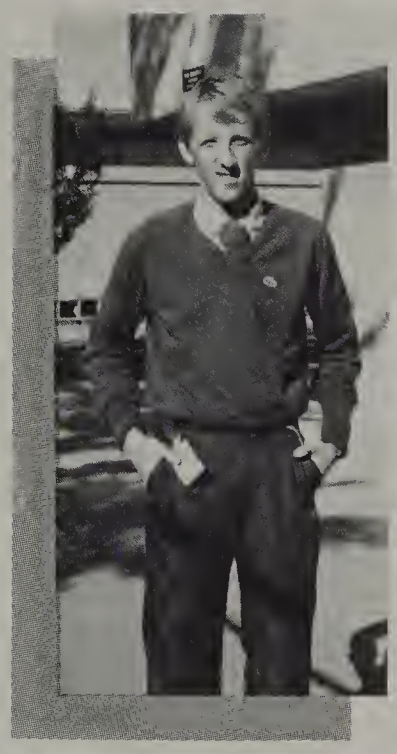


Andy watches the student store as the mad rush tramples in.



Lynette is often found in the Career Center.

Zack Sweany & Lynette Rinella converse over colleges.



For the past two years Andy Mikkelson has been on staff here at Mission Bay. He enjoys his position as a T.A. to the marketing and business teachers: Mrs. McKenney, Mrs. Hand, Ms. Schultz. He is also the assistant manager in the student store. Andy began as a volunteer working in the student store after graduating in the class of '84 from M.B. As a reward for all his hard efforts he was offered a job by Mrs. McKenney. His job as a T.A. aids his future goal as a Business Information System expert.

Andy manages to manage the store budgets too.

Lynette and Tom Davis talk over old times.

VARSITY FOOTBALL

Still Hot!

The 1985 varsity football team proved themselves to be a group of young men with a spirit of common devotion, courage, comradery and talent. The Bucs worked many long and hard hours beginning at mid-Summer. These practices proved to pay off by giving the fans many thrilling moments. No one can forget the excitement when we counted down the seconds in the 14-8 upset of University City.

"We did real well, considering all the tough breaks we had" commented Senior John Sturgeon (#72, Center) on this year's season. The "tough breaks" were the serious injuries of top players like Kevin Alexander and Earnest Johnson.

The Buccaneers finished the season with a 4-6 record. "I feel a lot of credit goes to the team and the coaches. We stuck together and made a name for ourselves," Junior David Geiger said about the team.

The season, filled with many highlights and dramatic moments, made memories we will always remember.

J.V. FOOTBALL

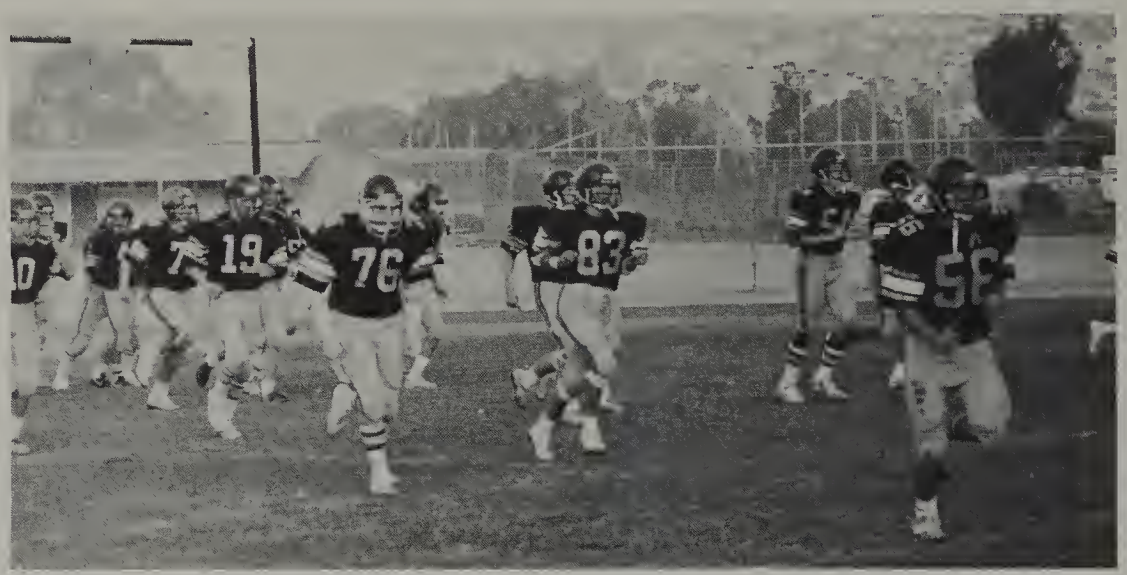
J.V. goes for the gold

The addition of the 9th grade to the J.V. football team this year provided the extra skill needed for victory. This year, the team consisted of 56 players, including 15 ninth graders. At the end of the season and ten hard games, the team recorded 2 wins, 6 losses, and 2 ties, with a league record of 2:3.

The outstanding sophomores and freshmen of the team — Jason Hamm, quarterback; Charles Frey, receiver/defensive back; Charles Turecek, running back/linebacker; Chris Fernandez, kicker/punter/defensive back; Nick Krause, defensive lineman; and Jason Portlock, tight end/outside linebacker — helped the team towards their victories and gave them the inspiration they needed to win.

The team thought of themselves as having a good sense of fair play and mutual support for each other. With so many out for the team, many wished to play more. They enjoyed the season but know they could have done much better. At the end of the season Coach Cann said, "I'd like to thank the players for their hard work from beginning to end."

Uni 26-10
Clairmont 3-18
LaJolla 21-0
Kearny 0-7
U.C. 21-0



Tall and proud, the team charges onto the field.

1st and 10. Let's go for it!

Nobody can ditch the defense.

The longest reach doesn't always catch the ball.

The coach even likes the big guys!

Keep on running; nothing's too heavy.

"What's going on out there?" The QB's query each other.

CROSS COUNTRY

Burning rubber!

This year's cross country team exemplified the saying, "never say die!" Coach Ungricht has coached a co-ed team for 14 years, and has found it most rewarding.

This year's team members were young, inexperienced in running, and a lot of fun to work with, according to Coach Ungricht. He added, "with hard work, discipline, and dedication, there's always room for improvement."

Most team members had fun but thought they could have done much better at their meets. They never gave up and instead, fought their way through the season in true champion fashion.

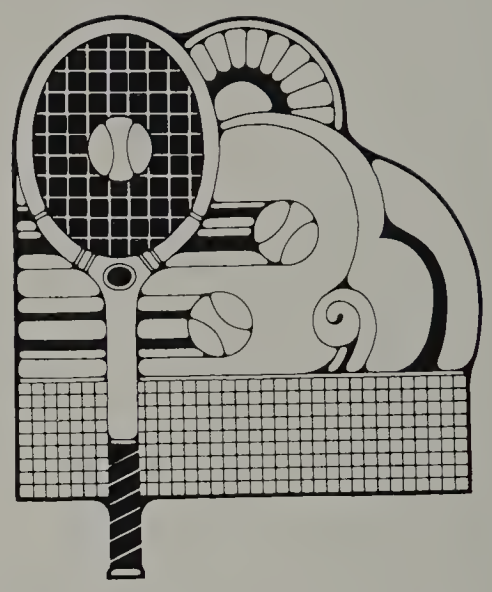
GIRL'S TENNIS

Serving Up Victories



Ending the year with a big BANG! the girl's tennis team had a very successful year. With top players Suzie McGrath and Tracey O'Neil, how could they have gone wrong? To top it all off, Christy Drage crowned the season by winning the C.I.F. girl's singles, even though she was placed third in the competition. The team itself was set sixth in the competition, among many, many other teams.

In the league matches, they had five wins and five losses. In their non-league matches, the team scored eight wins and only one loss! For all their effort, the team ended with a terrific record of thirteen wins and six losses.

Besides having a great team record, the team proved to have great support within itself. Their coach, Mrs. Wild, worked them hard through long hours of practice, besides giving them spirit when they needed it. This year's team is truly spirit-oriented!

VARSITY VOLLEYBALL
A Smashing Success

The 1985 Varsity Girls Volleyball team not only succeeded in placing first in the Limited Division Serra County Invitational Volleyball Tournament but also beat "Mar Vista" and "Our Lady of Peace", two teams ranked among the top ten in the county. In all, the girls had a winning season by going 11 and 7 overall, and 6 and 4 in league. Coach Bob Gallaher commented about the team, "The Western League is very tough. I was very pleased with the improvement of the team throughout the season." Composed of 5 seniors and 6 juniors, the girls had a good mixture of talent. Talent that they used to specialize in certain areas, such as serving, setting, and spiking, which enabled them to win a few close games.

J.V. VOLLEYBALL
Never Say Die

Christina Willis EXPLODES for a spike.

And die they didn't with the assistance of both Michael Hante and Chi Wai, Coach Gallagher and the J.V girls built up self-confidence. Confidence that enabled the girls to show great courage and never to give up. One of the team's biggest wins was beating University for the first time in five years. The J.V. team finished a very respectable 5-5 in league play. Coach Gallagher called the team "very coachable, and I'm looking forward to making the playoffs in the near future with the growing talent." Rick Hurley, a volleyball fan, summed up his thoughts on the girls by saying, "They played very well together and seemed to be a talented young team."

What a year for the "Hookers!" These female sports phenomenons showed an impressive year by improving their stats by 25%. They ended the season with a 3-9 standing! Led by the infamous Coach Malley, (who, by the way has coached Field Hockey since the beginning), the "Hookers" — Field "Hookers" that is — attracted more fans than the previous years. For these reasons, Field Hockey can be called the most established sport at Mission Bay.

Girls' Soccer

Neat Feet of 1986!

Our CIF Champion Girls' soccer team had yet another winning season. Although the team did not go to the playoffs, they finished the year with 6 wins, 3 losses and 1 tie. Returning seniors Deanna Schilling and Terri Turnbull joined forces with junior players Kori Rucker and Lorena Aviles to lead the Bucs on to victory, assisted by such promising sophomore players as Jenny Waters and Brandy Rosen. The team worked hard to perfect their skills and strategy. Each player's individual talent along with great coaching from Coach Cochrane proved to be just what the Bucs needed for another winning season.

Boys' Soccer

This year's boy's soccer team included mostly 9th and 10th graders, whose presence added to the collective skill of the team. Joey Carano, middle field; Alex Diaz, defense; and David Geiger, defense; greatly enhanced the team's capability and skill. "The team has improved tremendously!" quoted Coach Reyes, who placed great emphasis on building stamina.

Girls' Varsity Basketball

BASKETBALL BEAUTIES

This year the Girl's Varsity Basketball team achieved new heights. The team had the most successful season of any past Girl's Basketball team for many years. With vigorous ambition and hard work from Coach Willis they ended the season with a positive record, 15-9. Practicing every day on all the basic skills with much enthusiasm and spirit from the players combined with teamwork led to their successful wins. Many of the team members emphasized that teamwork was very important. "When we work together, we are a very good team," commented Carolyn Willis. A good team indeed, the highlight of the season was the team going to the C.I.F. playoffs.

BOYS J.V. BASKETBALL

Up And Coming

The 1985-86 Boys' JV Basketball team had an outstanding season. Led by Bob Umber, Steve Grebing and a trio of frehmen, Brett Grebing, Keith Henderson, and Pete Wilson.

Coach Hartunian states, "Coach Seamen and I are excited of the fact that we have a talented young nucleus for the next three years." (S. Grebing, B. Grebing, Henderson, and Wilson.) "This group has a strong chance of making the C.I.F. Playoffs during the next three years," concludes Hartunian.

Girls Junior Varsity Basketball team was filled with a great bunch of girls. They expressed themselves on and off the court with grace, dignity and pride. These qualities will make next year's team even stronger. Coach Milton was very pleased that all the girls played so well as a team. They established their style as a team during the first week of practice, and had maintained it throughout the season. If they continue this strong balance through the next few years we can expect to see them at C.I.F. Playoffs.

VARSITY

Exciting But Frustrating

The 1985-86 defending Western League Champion Varsity Basketball team concluded their season 4-6 in league play and 5-14 overall. Coach Mike Seaman, however, considered it "a frustrating, exciting, and successful year.

Frustrating were the numerous emotional losses the Bucs experienced like the physical one point defeat by 3A power Mira Mesa High. Exciting were the at home and on the road victories over University City, Clairemont, and 4A Orange County Giant San Clemente High. Successful was the over-all experience of the varsity in learning to deal with the thrill of victory as well as the agony of defeat.

Defensively, the Bucs gave up less than 50 points per game, earning them the respect of the league while receiving the number 5 ranking among all schools in San Diego. The 1985-86 Bucs can be proud of their effort.

Varsity Wrestling

A Learning Experience

"Varsity wrestling was a young team this year, they took some hard knocks. "These wrestlers next year will be the ones giving the knocks," said Coach Surdy. All the members felt that this year they all achieved self-satisfaction, through many difficult practices, team competition and individual growth. Tony Sphar, a sophomore on the Varstiy team, said that some of the best things about this year were, "The self-discipline I learned. I realized that a serious attitude was important along with getting along with others." This year's team was excellent and MB can expect great things in the future.

JUNIOR VARSITY

"AN EDUCATION IN ITSELF"

Tyler Emblem said that this season was "an education in itself." It was the first year for many of the J.V. team so they were introduced to many other fine players and an excellent coaching staff. Although many of the players felt more mat time was needed, they will be getting it this summer at the A.A.V. tournament. The freshmen and sophomores were impressed by how team oriented Mission Bay is. This team really had a fantastic year, and since the majority of the team will be back next year — we can expect the same next year also.

Badminton is not as easy as it looks. It takes concentration and skill to beat a tough opponent. This year's Badminton team had that concentration and skill. The players practiced long hours to perfect their serve, smash, and dink. The team consisted of many talented sophomores and quite a few returning juniors and seniors. The players showed lots of spirit and pulled together to have another winning season.

VARSITY SOFTBALL
Diamonds Are a Girl's Best Friend

Coach Milton likes what he sees.

The softball team started out great. Mr. Milton coached them to a 2-1 record and their chances looked good for the C.I.F. playoffs. They came stocked with returning talent. Juniors Lorena Aviles and Kori Rucker were not only returning starters, but returning All Leaguers. Other returning letter winners were Lisa Germani, Judy Rogers and Heather Stearns. These players formed the nucleus for the young team which consisted of only 2 seniors, 5 juniors, 7 sophomores and 1 freshman. "If hitting improves and if everything works well, we will be in the thick of the tough race for the League Championship," summized Coach Milton.

BOYS' J.V. BASEBALL

FOURTH WESTERN LEAGUE CHAMPIONSHIP

The 1986 J.V. Baseball team set its sights on a fourth consecutive western league championship. The team had a fine balance of pitching, hitting, defense, pride and poise. Simply Smashing!

The 1985-86 Boys' Varsity Tennis team had an outstanding season. Number 1 Singles player Flennell Parrish led this year's team. Trevor Kurth (#2 Singles), Mike Linville (#3 Singles), and Jason Hamm (#4 Singles) did an excellent job in helping the team win many of their matches. Devin Dargell and Tom Stiska (#1 Doubles), Damon Westwood and Jose Souza (#2 Doubles), and Todd Ryan and Tom Hargraves (#3 Doubles) proved to be important members of this year's team.

Coach Harutunian states, "We are starting to rebuild the tennis program at Mission Bay and this year's team played extremely well all season. We only have three seniors this year and the addition of ninth graders to MB should help us continue to improve to the level of the Mission Bay Tennis Teams of the 1970's."

Consistency, the key word in golf, can only be reached by practice. Mission Bay's six golfers proved to be the best. Mike and Ray Tokisawa, the hardest workers in this game, ranked one and two and led the team to victory. Paige Wery, the most talented and experienced player, indicated her joy in the game by exclaiming, "I love it." These three senior players, assisted by Laura Autio, Mark Klingler, and Bobby Turnbull made the golf team so successful. The most important component of the team, Coach Wery, worked very hard by setting up lessons, videotaping players' swings and arranging a trip to beautiful El Centro for a tournament.

Girls' Swimming

Toads in Motion!

Wow! would be an understatement when describing this year's girls' swim team. Thanks to fresh talent and returning veterans, " . . . girls swimming is the best it's been in 7 years," stated Coach Wild. CIF hopefuls Debbie Veborg and Stacey Whalen added a lot of excitement to the team's spirit. This year's swim team, with their talent, charm, and school spirit, will be a team not soon forgotten.

Nevertheless the boys on the swim team did it every day to go to swim practice. "The boy's team is a mixture of freshmen talent, returning veterans, and newcomers to competitive swimming," according to Coach Kevin Buddhu. Jeff Callender, Shawn Cullen and Dustin Anselm brought years of extensive swimming background. Kevin O'Connell, Lonnie Stephens, Tommy O'Neil, and Darren Lee returned this year and provided leadership to this young team. The newer swimmers made the greatest improvement in their performances, and also discovered the singular effort it took to swim for one and half hours a day and log almost two miles each morning.

M.B. TRACK

We're leaving them in the dust . . .

Over 45 girls and 60 boys combined efforts to make the 1986 track season a success. Under the leadership of a new head coach, Joe Barry, and despite the lack of cooperation from the weather early in the season, the athletes trained diligently, supported each other in meets, and managed to have a little fun along the way.

The addition of the freshmen, whom Coach Barry described as "great to have on the team," provided a wealth of new talent to develop over the course of the season, and veteran athletes like Lourdes Diaz and John Moceri happily demonstrated the serious effort needed for excellent performances.

With a full schedule of competitions, the teams had great opportunities to improve personal performances and reach goals set at the beginning of the season. As Freshman Albert Vazquez stated, "It's worth going to school from 7:00 a.m. to 5:30p.m. every day. Winning a race and being with a lot of nice people makes all the pain and time put into training a lot easier." Winning attitudes like that made track memorable for all.

Taroga: New and Improved

Did you ever wonder how a yearbook was produced? Over 25 students did, and they signed up for the class. As they found out, Yearbook is not just a class, it's an adventure! This year Advisor Mary Lawlor made an unusual decision; she appointed three Editors to run the Yearbook. The big three, juniors Tom Johnson, Mark White and senior Wendy Dush, were well qualified and had at least a year's experience. They proceeded to teach the staff how to do copy, layouts, and other necessary skills. The editors weren't the only difference between last year's yearbook and this year's. The Taroga staff literally "transcended their imagination" and made this yearbook radically different. All the screens, colors, and other graphics made this yearbook special. The "new wave" look modernized the Taroga without sacrificing the "Pride, Excellence, and Dignity" that Ms. Lawlor preached. We hope you like it.

Mark White and Albert Vazquez look studly as always.

The creative process starts in cramped quarters.

Allison Mahan looks adoringly at Pasha Masterman's layout.

Charles Hasse wants you to join the Yearbook class. Zack Sweany exclaims, "I didn't take your pictures!" Lynn Randall and Donna Trieglaff take a coffee break. Ms. Lawlor admits Alina Peraza into the class. Advisor Mary Lawlor demonstrates to the class how to use a stapler. Tommy Davis, Ulli Topp, Chris Gillespie, and Tom Johnson model their new sunglasses. Donna Trieglaff and Dana Paradise compare their balloons. Wendy Dush shows off her tongue for all to see. Michelle Gromme is caught by surprise.

Enthusiasm best describes Mission Bay's ASB. If you enjoyed one of the dances or pep-rallies, or took appreciation of one of the colorful posters in the hall, well, you should go up and shake one of the ASB member's hands. Besides the activities just mentioned, these high charged be-boppin Bucs are also responsible for the success of the Homecoming, ASB Ball, and the Prom. On top of that they are expected to promote spirit and participation all year round.

Under the supervision of the unsinkable Mrs. Nagata, the ASB tries their darndest to perform their duties with smooth sailing. Magnet Rep. Wendy Dush exposes the ASB for other interests by saying "Throughout all the work I sure do hear a lot of gossip." But hey — these people can't be soliciting spirit every minute. The whole school basically knows what the ASB is all about, yet many opinions vary. To some Mission Bay students the ASB is ineffective; yet others see progress this year. Nevertheless the ASB should not be discredited. They are sincere in trying to make this year be the best one ever.

J.V. cheerleaders strut their stuff.

We've Got Spirit, Yes We Do!

This year's Pep Club proved to be a very spirited group of students. They dressed in black and gold and attended many games to cheer on the Bucs. The club also organized a Pep bus which took students without transportation to several away football and basketball games. When asked what the Pep Club tried to accomplish, club President Jeff Fidel replied, "To remain spirited when in a losing streak or after a bad game, and to get MB students behind their teams." The club sat in the middle of the Mission Bay section throwing confetti, shouting chants, and clapping along with the cheerleaders. The Pep Club helped fire up the fans and made the games more enjoyable for everyone.

The California Scholarship Federation (CSF) is for those students at Mission Bay that are striving to achieve academic excellence. To become a member, a student must earn ten or more points on a semester report card. A student received three points for each "A" and one point for each "B". Life membership to CSF may be attained if the student qualifies at least four semesters during high school. Those students qualifying for life membership are honored by having a seal affixed to their diplomas. CSF members attempt to raise money in order to grant scholarships to outstanding students here at Mission Bay.

Future of Success

Future Business Leaders of America is a nation-wide organization for students who are interested in Business Careers. During their meetings which were held during lunch times on Thursdays, the members of this club learned the fine points of public speaking, time management, preparations for job interview and many more. To learn all of these techniques the members attended workshops and competed against students of other schools throughout the country. In order to maintain their enthusiasm, fun field trips were organized by the Club officers with the help of every member. FBLA held numerous fund raisers in order to pay for all the excitement.

Service With Pride

K.E.Y. Club, which is an existing organization in most every school, is primarily designed to provide school as well as community services and also provides students with an opportunity to expand leadership abilities.

K.E.Y. Club members expressed such sentiments as Calvin Tuey's statement, "It gives me a chance to put something back into the community," as accurately summing up the general feelings among members.

This year's Key Clubbers kept very busy by participating in such events as the 10K Run for Leukemia, Read-A-Thon, Apple Drive, and counting mayoral votes in February's electoral campaign for mayor. These are only a few of the events which kept them active during the year.

The Interact Club has gained much recognition from the students at Mission Bay High School through its three year existence. The club, headed by Arlene Lee, participated in a number of community and school service projects. These included the KPBS membership drive, Walk For Man Kind, and the club's assistance in the mayoral election.

Interact also participated in year-round trips such as annual ski trips in the winter and trips to Magic Mountain and Catalina in the summer. The main attraction this year was the February ski trip to Lake Tahoe. Despite the bus ride and weather condition, everyone seemed to have enjoyed the trip.

Unity Equals Power

The Floor Masters contemplate their future success.

M.E.Ch.A. (Movimiento Estudiantil Chicano de Aztlan) was founded in 1969 at the University of Santa Barbara in effort to unify all the various Chicano campus organizations under one banner. M.E.Ch.A. quickly spread throughout the U.S.

For the first time in Mission Bay's history a M.E.Ch.A. club has been formed in order to further support and strengthen M.E.Ch.A.'s efforts. These are to increase the number of Chicano students in higher education and to ensure all necessary assistance is offered for successful completion.

To take part in the direction of the movement towards Chicano self-determination, to socialize and politicize Chicano students, to establish close working relations with organizations in the barrio and to educate and mobilize barrio youth towards self-determination are also goals of M.E.Ch.A.

Nation-wide conferences are held every year where ideas are exchanged, problems discussed, connections expanded and resolutions made.

M.E.Ch.A.'s objective is to encourage Chicano and Latino high school students to excel in high school and further pursue an education at the university level. This year Chicanos will have the support that has helped many to further their education.

Academic clubs such as Academic League and Academic Decathlon have been fairly popular this year for most of Mission Bay's academically oriented students. Joining clubs such as these not only looks good on a college transcript but also gives these students a chance to further their knowledge.

Academic League, for example, participated in timed competitions where they tried to answer difficult questions, on almost any subject, before their opponents did. This year's Academic League did much better than last year's team considering they weren't as inexperienced. Overall, both the Junior Varsity and Varsity teams won a good number of their games and every member of the team received a letter.

Academic Decathlon also did well this year considering this was their first year at Mission Bay. Decathlon participants this year attended a one-day competition where they competed in 10 events, six written tests and three communications tests. Mission Bay Decathloners did very well in all these areas including speech, where they had placed 10th out of 40 schools, and essay, where they placed 12th.

Well! What is it??!

Nose For News

Stop the presses! The Beachcomber had its first full year of production for the first time since 1983. This year's staff was under the guidance of new Advisor Brian Kerr, who had previously been with Hoover's staff. Mr. Kerr split the class into two groups: The Staff (with experience) and The Cubs (without experience). The Editors-in-Chief were juniors Candace Cassutt and Scott Taylor who worked the staff hard. The well-qualified staff included Assistant Editor R'Nelle and Page Editors Shelly Brynjulfsen, Lorreta Lavell, Shannon Thomas, Stacey Whalen, and Mark White who handled the various sections of the paper. The paper came out once a month with pertinent school news. The paper is back!

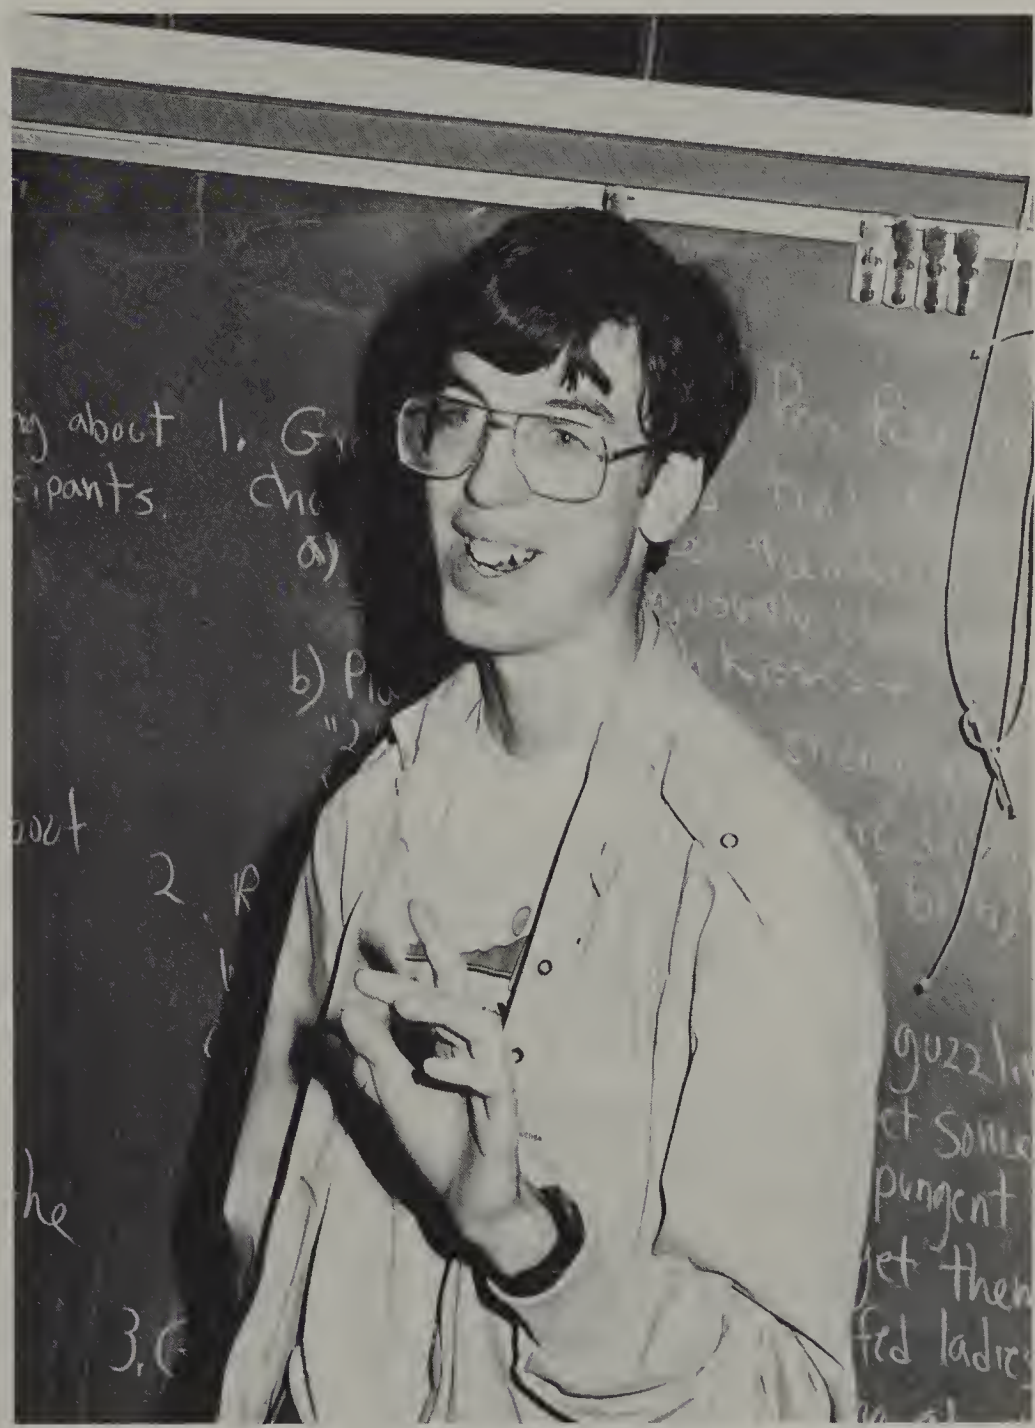
The Speech and Debate Club had some words to say this year. As in past years, they learned the fine art of conversation and used that to compete against other schools. Mr. Young had many big talkers, such as President Juliette Willis, Vice-President Peter Martocchio, and Secretary R'Nelle. They were a determined group who definitely got their point across.



Kyle Noderer raises a point.

Since Mission Bay students do so many extra-curricular activities during the school day, they should group together to demonstrate their various talents. But since the faculty probably would not officialize a club for them, it would be only fair to give them some recognition. So from now on these people who are non-club members have a club — the Un-Club, which invites anyone to be a member.

Break A Leg!

The Drama department provided a vital part of our school spirit by presenting three theatrical performances. The plays staged this year included "The Dark at the Top of the Stairs" in November, a comedy in February, and a musical in June. Preparation for a performance consisted of six to eight weeks of practicing and fundraisers such as candy and jewelry sales. New additions this year included a new sound system for the auditorium and Varsity and Junior Varsity letters for outstanding drama students. According to treasurer Gillian Kelleher, "The quality of the Drama department has improved significantly." Under the masterful direction of Mr. Drake, the Drama Club excelled in its pursuit of entertaining.

Personalities in Music

Top to Bottom: Marti Pennisi, Lisa Balch, Kathy Grypeas, Matt Sergott, Peter Martocchio, and Scott Shirey.

"Mr. V." had walls filled with the names of all the great personalities that graduated in the past years. This year is no exception. Every year the names of all the students that had excelled or had made large contributions to the department have seen their names on the wall too. Seniors: Lisa Balch and Matt Sergott were honored for achievements in Show and Swing Choirs. Peter Martacchio and Marti Pennisi starred because of their style and ability in singing, dancing, and acting. Junior, Gary Nimitz was on the All California Honor State Band as a trumpet player. This was his third consecutive year. He will participate again next year. Mission Bay valued the talent of all these people and many more like them. We were proud of each of you and congratulate you on your many successes.

So much talent

The Jazz Band has full sections of brass, woodwinds, a keyboardist, drummer and guitarists. The Jazz Lab Band beginners have the determination it takes to master their instruments, to permit them to take over the spots of graduating Jazz members. The music Dept. shared much with us by playing on the weedpatch, at football games and by giving concerts. The majority of Mission Bay should open their ears to our Music Dept.; there is so much talent waiting to be heard.

Singing to a Brighter Tune

This year's Show and Swing Choirs were better and bigger than ever. Show Choir had an increase of students from forty in '85 to sixty in '86. The talent of the Freshman and sophomores guaranteed great things for the next few years. Both of these groups performed several times during the course of the year. Swing Choir was Award winning and Show Choir is not far behind. They had talent that was not matched by any other in the school.

Through the years we've shared in sharing we have found friendship & memories of: Joyful smiles, shedding tears, sharing laughter & voicing fears Cruzing to L.J. in the red bop car. lunch at Del Taco, & many things more.

THANK YOU!

To my family; Anne, for all your help and Mom for all the patience. Underneath all the dirty clothes lies a loving daughter and sister. I love you Daddy and I'm sorry you're not here to see us. To my precious Greg, thank you for all the "Tender Love". I'll love your smiling face always. Camille I love you Too! Remember the summer of '85? Thanks, I love you all.

DAVY!!!

I hope you have as much fun in your last years of high school as I did. Be a good kid, and I wish you all the luck in the world to succeed. You're my favorite "bro" even though you're my only one. Watch out for the "BYRONS" in the world and don't clown around too much. BYE BYE!! luv, DONNA

Missing Attractions

Tracy

Throughout the year, we have made many special friends and have experienced many memorable moments. A yearbook is made to capture the friends and moments. It is impossible, however, to include them all. On these two pages are a few people and moments that may have been overlooked. Among them are the Airband contest held in February, the members of the Freedom's Foundation, Girls' state, student orientation, and Bank of America scholarship nominees.

There were mixed reactions from the freshmen on the first day of school; some felt comfortable and others confused.

The Freedom Foundations winners this year were Jim Thiede, Kyle Noderer, and Susan Teeple, not pictured.

The Bank of America scholarship nominees were Mishell Kneeland, Sharon Lintz, David Barbat, and Marnie Balala.

The exciting Airband contest ended up with Oingo Boingo as it's winner.

This year's Girls' state candidate is junior Kori Rucker.

The 1st runner up is Jennifer Jackson and 2nd runner up is Krista Tony, not pictured.

Transcend

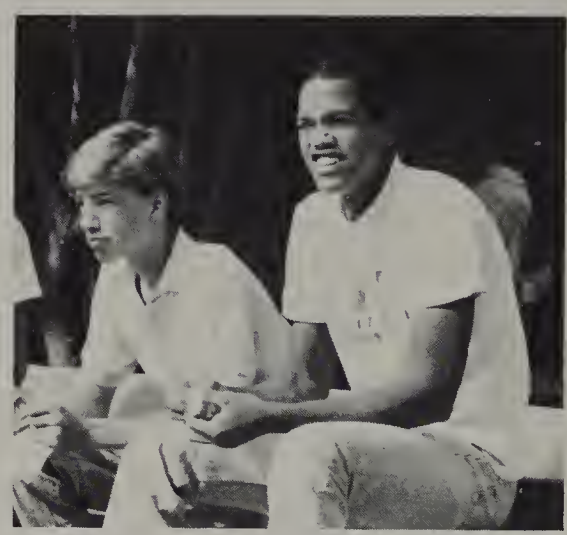
Go! Look some more. How can you stop now that you've transcended your imagination through this whole year? Transcending beyond the image of attending 6 classes, 5 days a week, for 185 days. What you did this year, what we all did, was special and it deserves another look.

Remember when you thought that school would be nothing more than learning $a^2+b^2=c^2$ and analyzing **The Great Gatsby?** That was before you heard Mr. Homiston say, "Always, Always, Always" 10 million times and watched couples competing in the Newlywed game during the spring spirit week.

Do you remember giving up on academics and giving in to senioritis, even if you were a freshman? Or donning Ray-Bans and Billabong surf shorts to soak up the April rays by the Capri? And how can you forget running to the mailbox every day of the second week of March to get your progress report before your parents?

You can't forget these things. They meant something to you when you experienced them and they mean even more when you look back at what you did. Go on, Transcend your imagination back to old times. It's worth a second look.

The girls and boys . . .



eat lunch separately?

Jennifer —
Nice yoga picture. Still
can't believe school's just
'bout over. Well, take care
of yourself and best of
luck.

Jennifer,
to a real kool and
beautiful girl, its been
kool partying with you, party
down and get stoned off your ass
and do hallucinogenics. Give
me a call sometime

Jennifer,
well it's been great knowing you this year in spanish. I loved smelling your smoky cloths. Have a great summer

Love ya,

Dear Jennifer-
well we are finally done, and luckily it went by fast. Now that its over- I regret never becoming better friends with you. you seem really sweet and I hope to see you over the summer and maybe we'll be closer next year. Be careful over the summer, ok? And don't break too many hearts, see you next year.

Love,
Anna Holder

Jen,
Well we've made it! Elementary to High school!
We've had some fun times! Remember when we got caught bring John Redman into the ~~be~~ girls bathroom? (in 6th)
2nd was pretty damn uneventful!
3rd we have some more years as fun as an them!!
Only 3 more years! Hey!!
See ya!

Jennifer,
Have alot of fun this summer! Party until you go out of your mind! Maybe you, Nicole, and I can do something sometime. Well, Good luck with all the guys this summer and don't do anything I wouldn't do!!(Ha ha)

Love,
Sandy
